Over 1 million children aged birth - six are experiencing homelessness in the US. Access to high-quality early learning programs can mitigate the traumatic and developmentally damaging impacts of homelessness, yet only 4.3% are enrolled in Head Start or Early Head Start.

**Goal:** To increase the enrollment of young children experiencing homelessness by serving as a link between K12 school districts and the Head Start and Early Head Start programs in their community who can serve them.

**Quick Stats:**
- 230 LEAs Piloting the App
- 82 Head Start/ Early Head Start Programs
- 8 States
